To: All Architects, Builders, Developers, Engineers, and Surveyors Practicing in Fairfax County

Subject: Fairfax Water Construction Practice Manual Publication

Fairfax Water has published a new water main installation document for builders. The Fairfax Water Construction Practice Manual establishes the technical requirements for construction of water mains to be owned, operated, and maintained by Fairfax Water; and provides contractors and developers with a set of guidelines to ensure conformance with Fairfax Water's construction principles.

All water main construction, testing, and sampling shall comply with the requirements and specifications of Fairfax Water, including the newly published Fairfax Water Construction Practice Manual, which may be found on the Fairfax Water website at www.fairfaxwater.org.

A handwritten signature in cursive script that reads "Dave L. Guerra". The signature is written in black ink and is positioned above a horizontal line.
