## **Source Water Protection Themed Art Contest 2022**

**Scoring Rubric** 

## Theme of Art Contest

- The submitted piece should tell a clear and creative message about source water protection. This means the artist highlighted one or all of the following:
  - o The connection between human actions on land impacting water quality
  - A community's connection to local waterways in terms of drinking water sources as well as places for recreation and enjoyment
  - The role of water utilities to protect our sources of water through environmental stewardship and responsible wastewater treatment
