

AGREEMENT FOR SERVICE

Electrical Testing, Maintenance, and Repair

THIS AGREEMENT is effective on the 20th day of September 2018, by and between the **FAIRFAX COUNTY WATER AUTHORITY**, a political subdivision of the Commonwealth of Virginia, hereinafter referred to as "FW", and **POTOMAC TESTING, INC.** hereinafter referred to as the "Contractor" (collectively referred to as the "parties").

WITNESSETH:

In consideration of the mutual covenants set forth herein, the parties agree as follows:

The Contractor shall provide electrical testing, maintenance, and repair services in accordance with the following, in order of precedence: this Agreement for Service assigned Fairfax Water Contract Number 2018-080 ("Agreement" or "Contract"); the Contractor's proposal dated August 23, 2018 (Exhibit I, Contractor's Bid Submission Form, Part A, B, C, D, and Labor Rates); and (Exhibit II, Fairfax Water's Invitation for Bid 18-37) dated July 13, 2018 (including all addenda) (incorporated by reference). In the event that Exhibits I and II contradict or limit this Agreement for Service, this Agreement shall prevail.

No representations, arrangements, understandings or agreements relating to the subject matter exist amongst the parties except as expressed in this Agreement.

1.0 SCOPE OF SERVICES

1.1 General

- A. The Contractor shall provide personnel, materials, equipment, tools, and transportation to perform inspections, testing, service and repair for Fairfax Water's electrical equipment. The Contractor shall be responsible for performing work items of maintenance and repair, emergency repairs or replacement as requested by the Fairfax Water Technical Representative. The Contractor shall inform the Fairfax Water Technical Representative of all deficiencies associated with maintenance, repairs, inspections, and testing promptly.
- B. Contractor shall perform unscheduled work requirements when requested by the Fairfax Water Technical Representative. Contractor shall invoice FW at the firm fixed contract price for labor and material as listed on Exhibit I.
- C. Contractor shall perform service call work as necessary to determine the cause of system and equipment malfunctions, eliminate the cause(s), and restore the system or equipment to satisfactory working condition. These services will be ordered

as-needed and will be covered as a service call under the firm fixed contract price for labor and material as listed on Exhibit I.

- D. Fairfax Water may request quotes for Special Maintenance Services. Quotes when requested, shall be provided no later than two (2) business days, unless a different time is mutually agreed to between FW and the Contractor in writing. Quotes shall be furnished by the Contractor at no charge to Fairfax Water.
- E. Quotes shall contain detailed time and materials, outlining man hours and equipment hours multiplied by the hourly contract prices, and estimated cost of materials minus the percentage discount. Equipment rental and/or subcontractors shall be at Contractor's cost and will be covered under the Labor and Material Firm Fixed price portion of the Contract. Contractor's cost will be verified by Fairfax Water staff based on invoice copies submitted with pay requests.
- F. Fairfax Water reserves the right to add or delete equipment, as needed, at any time.
- G. Contractor Equipment: Contractor shall be the owner, or leaser/renter of the bucket trucks, electrical testing equipment, cable pulling truck and any other vehicles/equipment necessary to complete the service.

1.2 Emergency Repair, or Corrective Repairs Beyond the Scope of PM/Service Call

- A. Contractor shall perform Emergency Repairs and invoice FW at the firm fixed contract price for labor and material as listed on Exhibit I. In case of non-emergency repairs, a quote for required parts shall be provided to FW within two (2) business days. Once a FW purchase order has been issued and contractor has received the required parts, repairs must be completed within fifteen (15) days.
- B. Contractor shall place call back to Fairfax Water on emergency calls within one (1) hour and respond onsite to emergency repair within two (2) hours of call, or as coordinated with Fairfax Water. In case of emergency service calls, unless otherwise coordinated with Fairfax Water, Contractor shall remain onsite until the cause of the equipment malfunction is eliminated, and equipment is restored to satisfactory working condition.

1.3 Written/Electronic Report

Contractor shall provide an electronic report via e-mail, or storage device within fifteen (15) calendar days after maintenance is performed. Written report shall contain (a) name of person that performed maintenance; (b) date and time; description and or designation number of equipment (c) task performed; (d) results of inspections, tests and procedures performed; (e) recommendations for correcting any deficiencies not performed during the maintenance activities; and (f) emergency corrective work performed. **Note:** Written reports shall be submitted to FW before payment for service will be processed.

1.4 Part A: Low – Medium Voltage General Specifications

- A. Work includes testing of the following voltages ranging from 480V, 2,300V, 4,160V, and 13,200V; transformer oil sampling; insulation testing; deenergize & reenergize equipment, medium voltage breakers; medium voltage contactors; medium voltage switchgear; Multilin; SPM's; solid state relay devices; mechanical relays; motor P&I (Polarization Index); infrared testing; 480-volt breaker testing; and related equipment located at the Corbalis Water Treatment Plant, 1295 Fred Morin Road, Herndon, VA. Griffith Water Treatment Plant, 9600 Ox Road, Lorton, VA. and outlying pumping stations.
- B. Work shall be performed during plant outages. Outages will be scheduled at the Corbalis Treatment Plant by Fairfax Water in 4-hour increments starting at 8 A.M. on the outage date. The Contractor shall be on site at 7 A.M. Outage dates and scope of work will be provided by Fairfax Water. In addition, use of a subcontractor is prohibited.

1.5 Part A: Low – Medium Voltage Testing Procedures

The equipment located at the Corbalis Water Treatment Plant, Griffith Water Treatment Plant, and Pumping Stations shall be tested by a licensed, NETA certified Electrician in accordance with the most recent version of the National Electrical Testing Association (NETA) Inspection and Test Procedures as listed below. The American National Standards Institute, National Electrical Testing Association, Maintenance Testing Specifications 2015 (NETA ANSI/NETA MTS-2015) are incorporated by reference.

The Polarization Index testing and the RIC Testing on the Motor equipment located at the Corbalis Water Treatment Plant, Griffith Water Treatment Plant, and Pumping Stations will be tested in accordance with standards of PDMA Corporation Software Version #2.5.1SP1, Model #P5552H-ER, MCE/Max Unit.

- 1. Switchgear & Switchboard Assemblies
 - A. NETA Testing Section 7.1, Switchgear & Switchboard Assemblies
- 2. Transformers, Dry-Type, Air-Cooled, Low-Voltage, Small
 - A. NETA Testing Section 7.2.1.1
- 3. Transformers, Dry-Type, Air-Cooled, Large
 - A. NETA Testing Section 7.2.1.2
- 4. Transformers Liquid Filled
 - A. NETA Testing Section 7.2.2, Transformers Liquid Filled
 - B. NETA Testing Section 7.3.2, Cables, low-Voltage, 600 Volt Maximum
- 5. Switches, Air, Low-Voltage
 - A. NETA Testing Section 7.5.1.1
- 6. Switches, Air, Medium-Voltage, Metal-Enclosed
 - A. NETA Testing Section 7.5.1.2
- 7. Transformer Breaker Testing

A. NETA Testing Section 7.6.1.1, Circuit Breakers, Air, Insulated-Case/Molded-Case

8. Transformer Breaker Testing

A. NETA Testing Section 7.6.1.2, Circuit Breakers, Air, Low-Voltage Power

9. Transformer Breaker Testing

A. NETA Testing Section 7.6.1.3, Circuit Breakers, Air, Medium-Voltage

10. Circuit Breakers

A. NETA Testing Section 7.6.2, Circuit Breakers, Oil, Medium- and High-Voltage

11. Protective Relays

A. NETA Testing Section 7.9.1 Electromechanical and Solid-State

B. NETA Testing Section 7.9.2 Microprocessor-Based

12. Instrument Transformers

A. NETA 7.10

13. Ground-Fault Protection Systems, Low-Voltage

A. NETA 7.14

14. Motor Control, Motor Starters, Low-Voltage

A. NETA 7.16.1.1

15. Capacitors and Reactors, Reactors (Shunt and Current-Limiting), Dry-Type

A. NETA 7.20.3.1

16. Thermographic Survey

A. NETA 9.1 – 9.4 Thermographic Survey

17. Other New Equipment located at sites

A. Testing following NEMA Standards

1.6 Part A: Low – Medium Voltage Specific Requirements for PM Work and System Inspections

FW will provide one (1) staff member to be present while Contractor is inspecting equipment.

1.7 Part A: Low – Medium Voltage Contractor Equipment, Coordination and Access

A. Fairfax Water will assist in coordination of any outages and scheduling of these outages with other utilities.

B. Upon award Contractor will be provided electrical drawings, one-line diagrams, and any keys or badges for necessary access. In addition, Contractor may be provided electrical drawings upon written request.

1.8 Part B: Substations & High Voltage General Specifications

- A. Work includes inspections, testing, and service and repair to Electric Distribution Lines that range from 34.5 kV to 230 kV. The Contractor shall be responsible for performing work items of maintenance and repair, alterations, deenergize & reenergize equipment, switching, modifications work, and emergency work as requested by the Fairfax Water Technical Representative. The Contractor must inform the Fairfax Water Technical Representative of all deficiencies associated with maintenance, repairs, inspections, and testing promptly.
- B. Work shall include service to transformer & distribution switches, manholes, and related equipment located at the Corbalis Water Treatment Plant, 1295 Fred Morin Road, Herndon, VA., and Griffith Water Treatment Plant, 9600 Ox Road, Lorton, VA. The Contractor must follow all OSHA Lockout/Tagout procedures.
- C. Manholes (15 kV) are located from Corbalis Water Treatment Plant, 1295 Fred Morin Road, Herndon, VA 20170 to Dranesville Substation (approximately 1-mile) and to Fairfax Water Potomac Raw Water Pump Station (approximately 5 miles). Exact locations and details will be provided to the Contractor, as needed.

1.9 Part B: Substations & High Voltage Unscheduled Work Example

Example of unscheduled work requirements is switching 34.5 kV equipment, perform special maintenance such as installing new VFI switch or similar equipment, manhole refurbishment and repairs, such as conduit replacement, replacing cable and making cable splices.

1.10 Part B: Substations & High Voltage Emergency Repair Example

Examples of emergency repairs may include switching Fairfax Water equipment i.e. locating, isolating and troubleshooting a fault; repairs to Fairfax Water equipment and facilities such as VFI pad-mounted switch or installing new VFI switch or similar equipment, transformers, vacuum switches Joslyn HVL or relay protection, controls and cable faults, manhole refurbishment and repairs, such as conduit replacement, replacing cable and making cable splices.

1.11 Part B: Substations & High Voltage Testing Procedure

The equipment located at the Corbalis Water Treatment Plant, and Griffith Water Treatment Plant, shall be tested by a licensed, NETA accredited Electrician in accordance with the most recent version of The National Electrical Testing Association (NETA) Inspection and Test Procedures standards as listed below. The American National Standards Institute/ National Electrical Testing Association, Maintenance Testing Specifications 2015 (NETA ANSI/NETA MTS-2015) are incorporated by reference.

1. Transformers Liquid Filled

A. NETA Testing Section 7.2.2

2. Switches

A. NETA Testing Section 7.5.1.1 – 7.5.5

3. Protective Relays

A. NETA 7.9.1 and 7.9.2

4. Cables Medium – High Voltage

A. NETA 7.3.3

5. Regulating Apparatus Load Tap Changers

A. NETA 7.12.3

6. Grounding

A. NETA 7.13

7. Surge Arrestors

A. NETA 7.19.1 – 7.19.2

8. Capacitors and Reactors

A. NETA 7.20.1

9. Outdoor Bus Structures

A. NETA 7.21

10. Fiber Optic Cables

A. NETA 7.25

11. Thermographic Survey

A. NETA 9.1 – 9.4

1.12 Part B: Substations & High Voltage Specific Requirements for PM Work and System Inspections

- A. Manholes: Provide annual inspections and reports on fifty-eight (58) manholes and equipment listed in this section under Paragraph 2.10 C. Contractor shall inspect manholes for toxic gases, leaks; clean and remove debris and pump water from manhole, check fault indicators, splices and terminations, bus connection points, cable supports. FW will provide one (1) staff member to be present while Contractor is inspecting manholes.
- B. Contractor shall provide Fairfax Water Technical Representative a report listing spare parts, pricing, availability of these parts and notification of any obsolete parts for the Corbalis Water Treatment site only.
- C. Substation Transformers: Substation transformers, shall be inspected, and tested annually for oil and infrared; a complete test is required every three (3) years for

transformer substation yard, and every six (6) years for the load tap changer. A written report must be provided with inspection results and recommended remedial action in accordance with "Transformers Liquid Filled 1. A. NETA Testing Section 7.2.2".

1.13 Part B: Substations & High Voltage Contractor Equipment, Coordination and Access

- A. Contractor Equipment: Contractor shall be the owner, or leaser/renter of the bucket trucks, electrical testing equipment, cable pulling truck and any other vehicles/equipment necessary to complete the service.
- B. FW will assist with coordination, and scheduling of any outages required with other utilities.
- C. Contractor will be provided electrical drawings, one-line diagrams, and any keys or badges required for access.

1.14 Part C: Power Pole & Aerial 4160V Maintenance & Repair

- A. Griffith Treatment Plant, 9600 Ox Road, Lorton, VA has approximately forty-four (44) power poles with cross arms ranging in height from 35ft. to 55 ft. The aerial cable is 4,160 medium voltage; size 2-0 and 350 MCM. The poles span over an approximate distance of 1.35 miles. In addition, two (2) power poles are located at the Griffith Treatment Plant substation yard. Contractor shall be permitted to use an approved subcontractor for the Griffith Treatment Plant power pole work only.
 - 1. The wooden power poles, are incased in concrete, rock, or earth diggable. Cross arms and insulators must be inspected, tested and a written report provided of inspection results and recommended remedial action. The wooden power poles are in Decay Zone 4. Inspection shall include visual, sound and bore, excavation to depth of 18 inches, treatment as needed, and electronic inspection. The wooden power poles require inspection the first year of contract, followed by inspection every five (5) years. Other related equipment shall require inspection on an annual basis.
 - 2. Replacement wooden poles shall be in accordance with ANSI 05.1 (American National Standards Institute) and shall be Class 4 with lengths ranging 35ft. to 55ft. Most of the wooden poles are in river rock and replacement may require pulling out wooden pole and using auger or drill method for a new replacement hole. Wires up to 350 MCM may require replacement or repair. Related equipment such as lighting arrestors, gang switches, insulators and cross arms may require replacement, or repair. Replacement and repairs will be invoiced at contract price for labor and material as listed on Exhibit II.

This Agreement is subject to the following Terms and Conditions:

2.0 STANDARD TERMS AND CONDITIONS

2.1 Term of Contract and Contract Renewal

- A. The term of the contract shall be the time required to complete all contractual obligations. The initial term will be one year, with the option to extend the contract for an additional five one-year periods, for a maximum total of six (6) years.
- B. Annual renewable contracts will be renewed at the then current rates, terms and conditions unless a price adjustment is requested (see section 2.3 "Annual Economic Price Adjustment"). Issuance of a written renewal document and/or purchase order for the optional years will constitute notice of renewal. Failure to renew by the expiration date of the then current contract year will not automatically cancel the contract. FW may retroactively renew the contract at any time prior to the last day of the following contract year providing that FW has not formally canceled the contract.

2.2 Additional Quantities

FW reserves the right to purchase additional quantities of the goods or services specified herein at the bid price for up to one year from the date of contract award. By submitting a bid in response to this Agreement, Contractor agrees to provide the item, or the then current version of the item at the price originally bid.

2.3 Annual Economic Price Adjustment

- A. In the case of annually renewable contracts, the Contractors may submit a request for contract price increases once annually for each renewal year. Economic increases shall be limited to the increase specified in the Bureau of Labor Statistics for the 12-month period ending 90 days prior to the end of the then current contract year.
- B. For services: Annual rate increases will be based on the Consumer Price Index-U (CPI-U).
- C. For commodities: If the CPI-U is not the appropriate index for the item(s) being bid, the Contractor may substitute any other single BLS price index (e.g. Producer Price Index – metals) providing that the substitute price index constitutes the greatest component of the contract item. Multiple price indexes will not be considered for the same bid item. Contractor may specify a different index for different bid items based on the conditions identified above. Contractor must specify the specific BLS Group and BLS Item that is to be used (e.g. BLS Group: Metals and products; BLS Item: Pressure pipe and fittings, ductile iron (BLS Series ID# WPU10150237).
- D. Negative BLS index: If the agreed upon index is a negative number the contractor shall reduce contract rates by the same amount for new contract year.

2.4 Anti-Discrimination

Contractors certify to FW that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §11-51 of the Virginia Public Procurement Act.

A. During the performance of the contract, the Contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, or disabilities, except where religion, sex or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
2. The Contractor, in all Agreements or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
3. Notices, advertisements and Agreements placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.

B. The Contractor will include the provisions above in every subcontract or purchase order so that the provisions will be binding upon each subcontractor or vendor.

C. Fairfax Water does not discriminate against faith-based organizations on the basis of the organization's religious character or impose conditions that (a) restrict the religious character of the faith-based organization, except as provided by law, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

2.5 Antitrust

By entering into a contract, the Contractor conveys, sells, assigns, and transfers to FW all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by FW.

2.6 Arrearage

The Contractor shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing FW, the Commonwealth of Virginia, or any public body in the Commonwealth of Virginia, including but not limited to any obligation to pay taxes and/or employee benefits. Contractor further agrees that it shall make diligent efforts to avoid becoming in arrears during the Term of any Contract awarded hereunder.

2.7 Assignment of Interest

The Contractor shall not assign any interest in any resulting Contract and shall not transfer any interest in the same without prior written consent of FW, which FW shall be under no obligation to grant.

2.8 Availability of Funds

It is understood and agreed between the parties herein that FW shall be bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of this agreement.

2.9 Compliance with Laws, Regulations and Codes

The Contractor hereby represents and warrants that:

- A. It is qualified and properly licensed to do business in the Commonwealth of Virginia and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- B. It is not in arrears with respect to the payment of any monies due and owing FW, the Commonwealth of Virginia, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
- C. It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- D. It shall obtain at its expense, all licenses, permits, insurance, and governmental approval, if any, necessary to the performance of its obligations under this Contract.

2.10 Contract Changes / Change Orders

- A. No verbal agreement or conversation with any officer, agent or employee of FW either before or after the execution of any Contract resulting from this Agreement or follow-on negotiations, shall affect or modify any of the terms, conditions, specifications, or obligations contained in the Agreement. No alterations to the terms and conditions of the Contract shall be valid or binding upon FW unless made in writing and signed by the purchasing contact identified on the cover page. Contract changes shall be in writing and shall be on official FW Purchasing Department letterhead. In any event and in all circumstances, the Contractor shall be solely liable and responsible for any Contract changes, deviations, etc., made without first receiving written authorization to deviate from the Contract by the FW Project Manager.
- B. Changes can be made to the contract in any of the following ways:
 - 1 The parties may agree in writing to modify the scope of the contract. An increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
 - 2 FW may order changes within the general scope of the contract at any time by Notice to the Contractor. Changes within the scope of the contract include, but are

not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The Contractor shall comply with the notice upon receipt. The Contractor shall be compensated for any additional costs incurred as the result of such order and shall give FW a credit for any savings. Said compensation shall be determined by one of the following methods:

- a. By mutual agreement between the parties in writing; or
- b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the Contractor accounts for the number of units of work performed, subject to FW's right to audit the Contractor's records and/or to determine the correct number of units independently; or
- c. By ordering the Contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The Contractor shall present FW with all vouchers and records of expenses incurred and savings realized. FW shall have the right to audit the records of the Contractor, as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by Notice to the Purchasing Department. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the Contractor from promptly complying with the changes ordered by FW or with the performance of the contract generally.

2.11 Contractor's Responsibilities

- A. The Contractor shall be responsible for all products and/or services as required by this agreement. The use of subcontractors is prohibited unless:
 1. A request to include a subcontractor is included in the original bid and,
 2. The Contractor receives written approval to use a subcontractor prior to, or as part of the formal contract between the parties.
 3. The Contractor is using a sub-contractor in performance of work on Part C – Power Poles.
- B. Even when properly authorized by FW, the use of a subcontractor does not relieve the Contractor of liability under the contract.
- C. The Contractor, at its sole expense, shall be responsible for damage to FW and non-FW property as a result of its failure, or its subcontractor's failure to protect such facilities and utilities.
- D. The Contractor, at its sole expense, shall immediately repair or replace FW property damaged by (or caused by) the Contractor or its Subcontractor(s). Replacements will

be of equal or better quality than the property damaged property, and all such work must be approved by FW Project Manager.

2.12 Debarment Status

The Contractor certifies that it is not currently debarred by the federal government, the Commonwealth of Virginia, or any agency or department thereof from submitting a bid or proposal in connection with any procurement project and that it is not an agent of any person or entity that currently is so debarred.

2.13 Delivery

In the case of Agreements that require delivery to FW:

- A. The Contractor guarantees delivery of contract items within the timeframe specified herein or as indicated in the Contractor's bid submission form. Failure to deliver within the time specified, or as amended in writing by FW, or failure to make replacements of rejected Contract items, shall constitute a breach of contract and may be grounds for a declaration of default in addition to any other remedies FW may be entitled to.
- B. Deliveries must be made by within the delivery time specified in the Contractor's bid submission form. If a delay is anticipated, the Contractor must provide as much advanced notice as possible to FW. Failure to honor a delivery schedule may result in damages to FW. The Contractor is liable for any and all costs incurred by FW due to such failures.
- C. Homeland Security Advisory System: If the Homeland Security Advisor System places the water / waste water industry in Codes Orange or Red, all deliveries shall be between the hours 7:30 a.m. and 2:00 p.m., Monday through Friday unless specially requested by the plant. As each delivery leaves the Contractor's yard, the Plant is to be advised as to the driver's name and trailer number and estimated arrival time. Upon arrival, the driver will be required to show photo ID and the trailer number will be checked and verified before delivery is allowed on site. Failure to follow these procedures may result in a refusal of the delivery at the Contractor's risk and expense.

2.14 Ethics in Public Contracting

Contractor hereby certifies that it has familiarized itself with Article 4 of Title 11 of the Virginia Public Procurement Act, Section 11-72 through 80, Virginia Code Annotated, and that all amounts received by it, pursuant to a contract resulting from this Agreement, are proper and in accordance therewith.

2.15 Examination of Records

Contractor agrees that, either FW or its duly authorized representative shall have access to and the right to examine and copy any directly pertinent books, documents, papers, and records of the Contractor involving transactions related to this agreement. This obligation shall expire five years after the final payment for the final service performed pursuant to this Agreement, or until audited by FW, whichever is sooner. Contractor will provide reasonable

access to any and all necessary documents and upon demand provide copies of documents if so required by FW or its representative(s). FW will reimburse the Contractor for any reasonable expenses it incurs as a result of such a request.

2.16 Formation of Contract

- A. The words "Agreement", "Contract", and "Purchase Order" are used interchangeably unless the context otherwise plainly requires. The documents comprising the Contract shall be accorded the following order of precedence:
 - 1. All Exhibits (including the Contractors completed bid response);
 - 2. All Purchase Orders;
 - 3. Any Change Orders;
- B. Anything called for by one of the contract documents and not called for by the others shall be of like effect as if required or called for by all, except that a provision clearly designed to negate or alter a provision contained in one or more of the other contract documents shall have the intended effect.

2.17 Governing Law; Venue; Waiver of Jury Trial

Notwithstanding any provision to the contrary, this Agreement shall be governed in all respects by the laws of the Commonwealth of Virginia. Any dispute arising hereunder which is not otherwise resolved by the parties shall be resolved by a court of competent jurisdiction in the Commonwealth of Virginia. The Contractor and FW hereby waive any right such party may have to a trial by jury in connection with any such litigation.

2.18 Incorporation by Reference

This Agreement is issued in accordance with, and controlled by, the Virginia Public Procurement Act (VPPA), which is incorporated into and made part of the Agreement. By submitting a bid in response to this Agreement, all Contractors acknowledge the VPPA and agree to be bound by it. A copy of the VPPA is available for inspection at the Purchasing Department at FW. It is also available at the Virginia Department of General Services, Department of Purchases and Supply Website:

<http://www.eva.virginia.gov/pages/eva-vppa.htm>

2.19 Indemnification and Responsibility for Claims and Liability

- A. The Contractor shall indemnify, save harmless and defend FW, or any employee of FW, against liability for any suits, actions, or claims of any character whatsoever arising from or relating to the performance of the Contractor or its subcontractors under this contract.
- B. FW has no obligation to provide legal counsel or defense or pay attorney's fees to the Contractor or its subcontractors in the event that a suit or action of any character is brought by any person not party to the contract, against the Contractor or its

subcontractors as a result of or relating to the Contractor's obligations under this contract.

- C. FW has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this contract.
- D. The Contractor shall pay all royalties and license fees necessary for performance of the contract. The Contractor shall defend all suits or claims for infringement of any patent rights or other proprietary rights arising from or related to performance of the resulting contract and shall save FW harmless from any loss, including Attorneys' fees arising out of any such claim.

2.20 Insurance

- A. In addition to the mandatory insurance requirements listed in this Section and, at the request of FW, any Contractor may be required to provide a list of all insurance claims made against it within the past 36 months. FW reserves the right to cancel any agreement, if in FW's opinion the amount or number of claims is deemed to be excessive. Any Contractor's failure to comply with this requirement may result in cancellation of the contract. If no claims have been made, then the Contractor shall so state at the time of the request. Fairfax Water may require such information from the Contractor as it deems necessary to assess the Contractor's financial ability to pay any deductibles with respect to the insurance policies required hereunder.
- B. Before commencing the work, the Contractor shall procure and maintain at its own expense, minimum insurance in forms and with insurance companies acceptable to FW to cover loss or liability arising out of the Work. All insurance policies must be underwritten by Insurers authorized to conduct business within the Commonwealth of Virginia and must have a Best's rating of at least A- and a financial size of class VIII or better in the latest edition of Best's Insurance Reports.
- C. The Contractor shall immediately notify FW of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or related to the Contractor's obligations under the contract. If such a claim or suit is brought, the Contractor will cooperate, assist, and consult with FW in the defense or investigation of any suit or action made or filed against FW as a result of or relating to the Contractor's performance under this contract.
- D. With the exception of Workers' Compensation and Employers' Liability Insurance, all additional insurance policies specified herein shall name FW as an additional insured with regard to work performed under any subsequent Contract
- E. The Contractor will provide FW with copies of certificates of insurance coverage and proof of payment of all premiums. Each certificate of insurance must include: (a) an endorsement from the insurer that certifies that the Contractor maintains the referenced policy in full force and effect; (b) where applicable, a statement indicating that FW is included as an additional insured; and (c) a provision requiring that not less than 30

days written notice will be given to FW before any policy or coverage is canceled or modified in any material respect. Without limiting the requirements set forth above, the insurance coverages will include a minimum of:

1. Workers' Compensation and Employers' Liability Insurance: Statutory requirements and benefits as required by the Commonwealth of Virginia; and
2. Required Commercial General Liability Insurance: This insurance must be written on an "occurrence" basis and shall be endorsed to include FW as an additional insured and shall provide at a minimum the following:

- ◆ Commercial General Liability \$1,000,000 per Occurrence; \$2,000,000 in Aggregate
- ◆ Automobile Liability \$1,000,000 combined single limit for each occurrence
- ◆ Professional Liability \$1,000,000 on a claims-made annual aggregate basis, or a combined single-limit-per-occurrence basis.
- ◆ Excess Liability \$2,000,000 per occurrence
- ◆ Workers Compensation Statutory; Bodily Injury by Accident \$1,000,000 each employee

F. Business Automobile Liability Insurance: This insurance coverage must extend to any motor vehicles or other motorized equipment regardless of whether it is owned, hired, or non-owned and must cover Bodily Injury and Property Damage with a combined single limit of at least \$500,000 each accident. This insurance must be written in comprehensive form and must protect the Contractor and FW against claims for injuries to members of the public and/or damage to the property of others arising from the Contractor's use of motor vehicles or other equipment and must cover both on-site and off-site operations.

G. Nothing contained herein will be deemed to operate as a waiver of FW's sovereign immunity under the law.

2.21 No Waiver or Estoppel

Neither the inspection by FW nor any of its employees, nor any payment of money, nor payment for, nor acceptance of any Commodity by FW, nor any extension of time shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the Owner or of any right to damage herein provided. No waiver of any breach of this Contract shall be held to be a waiver of any other subsequent breach. All remedies provided in this Contract to FW shall be construed as cumulative and shall be in addition to each and every other remedy herein provided. Neither FW, nor any officer, employee, or authorized representative of FW, will be bound, precluded, or estopped by any action, determination, decision, acceptance, return, certificate, or payment made or given under or in connection with the Contract by any officer, employee or authorized representative of the Owner, at any time either before or after final completion and acceptance of the Work and payment therefore from: (a) showing the true and correct classification, amount, quality, or character of the Commodities delivered, or that any determination, decision, acceptance, return certificate or payment was incorrect or was improperly made in any respect, or that the Commodities or any part thereof do not in fact conform to the requirements of the Contract; (b) demanding and recovering from the Contractor any overpayment made to the

Contractor or such damages as FW may sustain by reason of the Contractor's failure to comply with the requirements of the Contract; or (c) both of the foregoing clauses (a) and (b).

2.22 Pass-through Price Increases and Decreases

For annually renewable contracts:

- A. Increases: FW recognizes that the Contractor's sources of supply and transportation may pass onto the Contractor unanticipated and significant price increases. FW will consider requests by the Contractor to allow "pass-through" price increases when accompanied with sufficient proof. Only the Contractor's direct supplier's price increases will be considered. FW reserves the right to accept or reject all such requests. FW will not allow price increases that are greater than the amount passed on to the Contractor, or for a period outside of the then current contract year.
- B. Decreases:
 - 1. Pass through price increases shall cease at the end of the then current contract year and contract pricing will return to the pre-pass-through rate. The contractor will be eligible for and only upon request, the annual economic price increase as defined in subsection 2.2 above.
 - 2. Prior to the end of the then current contract year, the pass-through increase shall be reduced or eliminated when and as the cause of the increase is reduced or eliminated.
- C. Pass through price increases will not be a substitute for poor planning by the Contractor. Pass through increase will not be allowed for the first six months of any contract year. Price increases will be effective upon the date such a request is received in writing; and will not be made retroactive.

2.23 Payment Clauses Required in All Contracts

Section § 2.2-4352 of the Virginia Public Procurement Act requires the following:

- A. That any contract awarded by FW include the following clauses:
 - 1. The Contractor shall take one of the two following actions within seven days after receipt of amounts paid to the contractor by FW for work performed by any subcontractor(s) under the contract:
 - a. The Contractor shall pay its subcontractor(s) for the proportionate share of the total payment received from FW attributable to the work performed by the subcontractor under that contract; or
 - b. Notify FW and any subcontractor(s), in writing, of his intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.
 - 2. Contractors shall include in their offer submissions either: (i) if an individual contractor, their social security numbers; and (ii) proprietorships, partnerships, and corporations to provide their federal employer identification numbers.

3. The contractor shall pay interest to the subcontractor(s) on all amounts owed by the Contractor that remain unpaid after seven days following receipt by the Contractor of payment from FW for work performed by the subcontractor under the contract, except for amounts withheld as allowed in subdivision 1.
 4. Unless otherwise provided under the terms of this contract, interest shall accrue at the rate of one percent per month.
- B. The contractor shall include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.
- C. A contractor's obligation to pay an interest charge to a subcontractor pursuant to the payment clause in this section shall not be construed to be an obligation of FW. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

2.24 Payment

- A. Invoices: All invoices are to be sent directly to FW Accounts Payable department by mail, fax, or e-mail. Invoices shall include the FW Purchase Order / Contract number and the contractor's FEIN. Invoices are not to be sent to the contract Project Manager, or other departmental reps. Failure to comply may result in late payments for which FW will not be liable.
- B. Terms: All payments will be Net 30 from the date of receipt of a valid invoice at FW Finance Department. Payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- C. Invoices: The Contractor shall submit invoices for items ordered, delivered and accepted, directly to the Finance Department, to the attention of Accounts Payable. Invoices shall show FW Purchase Order or contract number and are subject to review and approval by FW Project Manager
- D. Partial Payments: Requests for partial payments or advanced payments must be submitted as part of the Price Offer along with a justification. FW reserves the right to accept, reject or negotiate requests for partial payments.
- E. Refunds: If the Contractor is declared to be in default, FW will be eligible for a full and immediate refund for all payments made to the Contractor.
- F. Unreasonable Charges: Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, final payment is contingent on a determination of reasonableness with respect to all invoiced charges. Charges that appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges

are not reasonable, FW shall promptly notify the Contractor, in writing, as to those charges that it considers unreasonable and the basis for the determination.

2.25 Precedence of Terms

These General Terms and Conditions shall apply in all instances. In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this Agreement, the Special Terms and Conditions shall apply.

2.26 Price and Title

All prices are for Commodities delivered F.O.B. the facility set forth on the Purchase Order and shall represent the entire cost to FW. Title for such Commodities shall pass to FW upon receipt and acceptance thereof at FW's designated facility.

2.27 Purchase and Sale Transaction

Any transaction for the purchase and sale of any Commodity shall be effected by FW's issuance to the Contractor of a Purchase Order, in which event the Contractor covenants and agrees to furnish all Commodities described therein in strict accordance with the terms and conditions of such Purchase Order and the other documents that together constitute the Contract.

2.28 Taxes

FW is exempt from Federal Excise Taxes, Virginia State Sales and Use Taxes, and the District of Columbia Sales Taxes and Transportation Taxes. FW's tax identification number is 54-6025290.

2.29 Termination of Contract

- A. For Cause. In the event that the Contractor: (1) fails to deliver any Commodity or Service in accordance with the time period established therefore in the Contract; or (2) fails to furnish any Commodity or Service which conforms in all respects to the requirements of the Contract; then FW, without prejudice to any other rights or remedies it may have at law or in equity (including its right to seek damages from the Contractor), shall have the right to terminate the Contract and any outstanding Purchase Orders by issuing a written notice of termination to the Contractor. Such notice of termination shall describe in reasonable detail the grounds for the termination and shall take effect immediately upon receipt by the Contractor.

If, after issuance of a notice of termination under this Section it is determined for any reason that cause for such termination did not exist, then the rights and obligations of the parties shall be the same as if the notice of termination had been delivered under the provisions of subsection B (termination for convenience) hereof; provided, however, that the Contractor in such event shall be deemed to have received seven days prior written notice of such termination. Any compensation due the Contractor pursuant to subsection B shall be offset by the cost to FW of remedying the default by the Contractor.

The Contractor shall in no event be entitled to receive any consequential damages or any anticipated profits with respect to Commodities not yet furnished to, and accepted by, FW as of the effective date of any such termination.

- B. For Convenience. FW shall have the right to terminate the Contract and/or any outstanding Purchase Orders issued hereunder at its own convenience for any reason by giving seven business days prior written notice of termination to the Contractor. In such event, the Contractor shall be paid an amount equal to the actual cost of any Commodity delivered to, and accepted by, FW and the actual cost of any equipment, goods or materials ordered by the Contractor hereunder in good faith which could not be canceled, less the salvage value thereof, provided sufficient substantiation is furnished to FW. Any subcontract entered into by the Contractor in connection with the transactions contemplated hereby shall contain a similar termination provision for the benefit of the Contractor and FW. The Contractor shall in no event be entitled to receive anticipated profits on any Commodities not yet furnished to and accepted by FW as of the effective date of any such termination.

2.30 Virginia Freedom of Information Act

Except as provided herein, all proceedings, records, contracts and other public records relating to procurement transactions shall be open to the inspection of any citizen, any interested person, firm, or corporation, in accordance with the Virginia Freedom of Information Act.

2.31 Warranty

- A. The contractor warrants that, unless otherwise specified, all materials and equipment incorporated in the work under the contract shall be new, in first class condition, and in accordance with the contract documents. The contractor further warrants that all workmanship shall be of the highest quality and in accordance with contract documents and shall be performed by persons qualified at their respective trades.
- B. Materials and equipment shall be fully guaranteed against defects in material and workmanship for a period of 12 months following date of final acceptance. Should any defect be noted by the FW, the Project Manager will notify the contractor of such defect or non-conformance. Notification will state either (1) that the contractor shall replace or correct, or (2) FW does not require replacement or correction, but an equitable adjustment to the contract price will be negotiated. If the contractor is required to correct or replace, it shall be at no cost to FW and shall be subject to all provisions of this clause to the same extent as materials initially delivered. If the contractor fails or refuses to replace or correct the deficiency, the office issuing the purchase order may have the materials corrected or replaced with similar items and charge the contractor the costs occasioned thereby or obtain an equitable adjustment in the contract price.
- C. Work not conforming to these warranties shall be considered defective.
- D. This warranty of materials and workmanship is separate and independent from and in addition to any of the contractor's other guarantees or obligations in this contract.

NOTE: Any Implied warranties, including but not limited to the warranty for "Merchantability and Fitness for A Particular Purpose" cannot be waived and are a mandatory part of this Agreement and any ensuing Contract.

2.32 Faith-Based Organizations

FW does not discriminate against faith-based organizations.

2.33 Immigration Reform and Control Act of 1986

By entering this Contract, the Contractor certifies that it does not and will not during the performance of this Contract violate the provisions of the Federal Immigration Reform and Control Act of 1986, which prohibits employment of illegal aliens.

3.0 SPECIAL TERMS AND CONDITIONS

3.1 Contractor's Compliance and Safety Program

- A. The Contractor shall comply with all applicable Federal, State, and local safety programs, regulations, standards, and codes, to include though not limited to:
 - 1. The Virginia Uniform Statewide Building Code,
 - 2. Building Officials & Code Administrators (BOCA) codes (together with adopted International Codes),
 - 3. Virginia Department of Health (VDH) regulations,
 - 4. Virginia Department of Environmental Quality (DEQ) regulations,
 - 5. Virginia-OSH (VOSH) regulations, and
 - 6. National Electric Code (NEC).
- B. The Contractor shall have a written safety program that complies with all applicable OSHA and VOSH standards for General Industry regulations and a written Permit Required Confined Space Entry Program that complies with the then current VOSH Standard Confined Space Entry Standard. A copy of these programs shall be provided to FW with the Contractor's general safety program not later than seven days after contract award and before beginning work.
- C. When working in a confined space, the Contractor shall utilize only personnel trained for confined space entry and shall provide all entry equipment including atmospheric test equipment.
- D. Hard Hat Area: Contractor's employees shall wear hard hats while working outdoors at the work site.

3.2 Contractor's Responsibilities

- A. The Contractor shall be responsible for all products and/or services as required by this Agreement. The use of subcontractors is prohibited unless:
 - 1. A request to include a subcontractor is included in the proposal and,
 - 2. The Contractor receives written approval to use a subcontractor prior to, or as part of, the formal contract between the parties.
 - 3. The Contractor is using a sub-contractor in performance of work on Part C – Power Poles.
- B. Even when properly authorized by FW, the use of a subcontractor does not relieve the Contractor of liability under the contract.
- C. The Contractor, at its sole expense, shall be responsible for damage to FW and non-FW property as a result of its failure to protect such facilities and utilities.
- D. Where the Contractor's Work may cause damage, or disrupt existing FW property, including but not limited to utilities, plant equipment, instrumentation, and control systems, etc. the Contractor shall make arrangements necessary for the protection of such property. The Contractor, at its sole expense, shall immediately replace FW property removed or damaged by, or at the direction of, the Contractor or any Subcontractor to the Contractor. Replacements will be new and current technology unless otherwise provided for in these specifications or authorized by the FW Project Manager.
- E. Contractor shall return all work areas to the same or better condition than prior to start of Work. Contractor must notify the FW Project Manager of any area, piece of equipment, etc., that is damaged or not in the same or better condition than prior to start of Work. The Contractor shall be responsible for repair, replacement, etc., of any such property, which is within the Contractor's area of responsibility and is found to be in need of repair/service by the FW Project Manager. Acceptance shall not occur until all such damages are either repaired or replaced or for which FW is reimbursed a fair and reasonable sum as negotiated and agreed to in writing, by the FW Project Manager.

3.3 Force Majeure

If a delivery is delayed by Act of God, terrorism, war, embargo, fire, or explosion not caused by the negligence or intentional act of the Contractor or his subcontractors or supplier(s), a reasonable extension of time as FW or the Member deems appropriate may be granted. Upon receipt of a written request and justification for any extension from the Contractor, FW or the Member may in its sole discretion (i) extend the time for delivery of the Commodity; (ii) suspend the Contract in whole or in part and obtain one or more of the Commodities elsewhere for a time, or (iii) terminate the Contract; all without liability to Contractor on the part of FW or Member, as the case may be. Contractor's request and justification shall be subject to such substantiation and further inquiries as FW or Member may require.

3.4 Permits and Inspections

- A. The Contractor shall obtain and provide all required electrical, mechanical, fire and/or other permits from the appropriate county authority.
- B. The Contractor shall be responsible for scheduling all inspections and performing all work necessary for testing and inspections as required by any and all authorities having jurisdiction during the course of Work.

3.5 Priority Customer

The Contractor understands and acknowledges that FW provides services that are essential to the health and welfare of the public. To the extent that the Contractor must prioritize and/or allocate services among its customers, the requirements of FW will be honored before service is provided to a customer with no obligations with regard to public health and welfare.

3.6 Site Safety and Access

- A. The Contractor shall schedule and coordinate the Work to maintain continuous operation and access to existing equipment in the area of Work. The Contractor shall not commence retrofit work until authorized by the FW Project Manager. The Contractor is advised that FW may, at its sole discretion, delay or stop work as required to ensure continuous and reliable operation of the facility, especially during peak flow events.
- B. The Contractor shall secure the Site and all areas of Work to prevent access and the potential for injury to its employees, FW employees, its agents, and others by construction and installation of temporary guard-rails, fencing, barricades, highway cones, warning signs/tape, etc. and/or other appropriate means, and as directed by the FW Project Manager. Such hazards include but are not limited to mechanical hazards, electrical hazards, surface irregularities or construction tools and equipment.
- C. FW shall have the right to deny access to the Site, or require the Contractor to remove from the Site, any individual who has exhibited violent, abusive, or threatening behavior or conduct.
- D. FW may limit, restrict, or prohibit access to areas of the Site on a permanent or temporary basis. When access to such restricted areas is required by the Contractor to perform the work, the Contractor shall obtain permission from the FW Project Manager and shall comply with such conditions or limitations to access as may be imposed by the FW Project Manager.
- E. FW may restrict parking or require parking permits for vehicles to be brought onto the plant. The Contractor shall be responsible for arranging transportation for its personnel to reach the job sites from whatever parking area is provided by FW.

3.7 Prices

- A. All prices/discounts shall be F.O.B. Destination and shall include all charges that may be imposed in fulfilling the terms of this contract.
- B. The Annual Maintenance shall be priced per each, or per day as indicated on Exhibit I Parts A-D for related equipment and all services shall be performed in accordance with the specifications contained herein.
- C. The Contractor shall invoice all annual maintenance materials, equipment rental or subcontractors based on the actual cost of the materials at a percentage discount equal to discount shown on Exhibit I. No additional costs of any kind will be allowed. Invoices must be accompanied by suppliers/subcontractor's invoices.
- D. Work completed outside the annual maintenance may be required and Contractor shall provide labor, materials, equipment rental and approved subcontractors to fulfill the requirements of the contract. The compensation will be based on contract hourly rate and the actual cost of the materials at a percentage discount equal to discount shown on Exhibit I; equipment rental or subcontractors will be at cost. No additional costs of any kind will be allowed.
- E. Percentage Discount: The percentage discount must be a single percentage discount applicable to all parts, material and/or equipment items. The percentage discounts shall remain firm for the duration of the contract. Compensation for equipment rental and subcontracting shall be as indicated on Exhibit I.
- F. For audit purposes Fairfax Water may request supplier invoice for equipment rental and subcontractors.
- G. Labor rates for providing services not specifically covered under the Annual Maintenance Service shall include all direct and indirect costs such as transportation general, administrative costs and profit, etc. Labor rates shall be paid based on time on the job site. Regular Time is defined as Monday through Friday, 7:30 a.m. to 5:00 p.m. Overtime is defined as Monday through Friday, 5:00 p.m. to 7:30 a.m., Weekends and Holidays. Any overtime must be approved by Fairfax Water in advance.
