Subject: Addendum # 1 to IFB #24-013 – **Hauling and Disposal Services**

The purpose of this addendum is to make revisions to the IFB.

I. Questions. Fairfax Water official responses are provided in *Italics*:

#	QUESTION	ANSWER
1)	1. What was the last contracted dollar amount awarded for this solicitation?	<i>See Bid Number 19-91 at https://www.fairfaxwater.org/contracts.</i>
2)	In section 1.15 states that Virginia-based contractors may get a percentage preference when bidding. If we are an out-of-state contractor but hire a Virginia based subcontractor, can we get the same percentage preference?	<i>No.</i>
3)	Do we need to have the authorization to transact business in Virginia if we are an out of state contractor ?	<i>Yes.</i>
4)	Do we need to have the authorization to transact business in Virginia prior to submitting the bid?	<i>Yes.</i>
5)	Since the fill is clean, I wanted to know if the fill can be taken outside of Virginia? In Maryland for example the Montgomery County MD transfer station accepts fill by the ton, and is permitted by the EPA to receive waste. Essentially are we able to dispose of the material outside of the State as long as the site is permitted as a landfill by the State, and the EPA to accept the waste? Or is the material forced to stay within Virginia for some reason?	<i>This material shall be hauled to a permitted Virginia Department of Environmental Quality (VADEQ) Construction and Demolition Debris (CDD) Landfill Disposal site.</i>
