Subject: Addendum # 1 to IFB #18-51, University Tank Replacement

The purpose of this addendum is to make revisions to the IFB and to answer questions submitted by the specified deadline for their submission.

I. General

Please note the change in the acceptance date from 2:00 P.M., Thursday, May 10, 2018 to 2:00 P.M., Tuesday, May 15, 2018. Addendum #2 with answers to remaining questions will be issued on Monday, May 7, 2018.

Below are answers to questions received on this IFB.

II. Questions and Answers from Iseler Demolition, Inc.

1. Can Fairfax live with a 45' Head Range on the tank (vs the 40' specified, noting it will help reduce the diameter of the tank on this already tight site)?

A. No. The head range must be per the specification.

2. Is the unusual "Existing Tank Purchase Agreement" still going to be forced on the bidders?

A. No. Section 511 is expected to be removed in Addendum #2.

3. Can we abandon the existing tank Foundation in-place (vs removing it)?

A. No. The existing foundation shall be removed per the specification.

4. Will the LD Schedule be adjusted to account for the unexpected 29-week BCOM delay?

A. Beneficial Use and Final Completion dates, and limitations on the sequence of construction are being evaluated and may be adjusted as part of Addendum #2. At this time LD's are not expected to be affected.
