

EMD MILLIPORE REVISED GENERAL TERMS AND CONDITIONS OF SALE WITH FAIRFAX WATER

1 - Acceptance and Scope of these terms

1.1 These general terms and conditions of sale ("GTC") shall apply to all sales of goods and services by EMD Millipore Corporation ("EMD Millipore") to a customer requiring purchase of such goods or services ("Purchaser"). While Clauses 1 to 10 shall, in principle, apply to all goods or services, Clause 11 includes clauses specific to certain products and services.

1.2 Any withholding, amending or deviating terms and conditions of Purchaser shall not apply, even if EMD Millipore, knowing of such terms and conditions of Purchaser, does not object to them explicitly, and continues to deliver to Purchaser without any objection.

1.3 Any of the following shall constitute Purchaser's unqualified acceptance of these GTC: (i) written acknowledgement of these GTC; (ii) issuance or assignment of a purchase order for the product(s) or services thereunder; (iii) acceptance of any shipment or delivery of product(s) or provision of services thereunder; (iv) payment for any of the product(s); or (v) any other act or expression of acceptance by Purchaser.

1.4 These GTC shall only apply vis-à-vis commercial customers and with respect to commercial transactions.

1.5 These GTC shall apply to all transactions (including future ones) between EMD Millipore and Purchaser in the version current at the time of the conclusion of such transaction, even if their application has not been expressly agreed again.

1.6 EMD Millipore shall have the right to amend these GTC subject to prior written notification of Purchaser and the envisaged amendments shall become effective unless Purchaser objects within two (2) weeks after receipt of such notice.

2 - Conclusion of Contract, Orders

2.1 Unless otherwise agreed, any offers of EMD Millipore are subject to change.

2.2 Any binding contract on the sale of goods or services requires either (i) an offer of EMD Millipore explicitly marked as binding or (ii) upon any Purchaser's order (oral or otherwise), an order confirmation of EMD Millipore in writing, and Purchaser not immediately objecting to such order confirmation. The content of the respective contractual relationship and the scope of delivery as laid down in any binding offer or order confirmation from EMD Millipore shall be legally binding.

2.3 Unless otherwise agreed, any advice given to Purchaser before placing the order shall be non-binding; the same shall apply to any specifications, samples and specimens. It remains up to Purchaser to satisfy itself that the goods are suitable for its purposes. EMD Millipore, upon Purchaser's request, provide technical assistance, advice and information with respect to the products, if and to the extent that such advice, assistance or information is conveniently available. It is expressly agreed, however, that EMD Millipore is under no obligation to provide such technical assistance and/or information. To the extent such technical assistance and/or information is provided to Purchaser, the disclaimers and limitations of liability contained herein shall be applicable.

2.4 If the order value is less than \$2,000 net (i.e. without sales tax applicable according to legal provisions), EMD Millipore reserves the right to charge a flat-rate handling fee of \$200.

3 - Deliveries, Returned Products

3.1 EMD Millipore's obligation to deliver to Purchaser the product ordered is subject to EMD Millipore's receiving correct and timely delivery itself from its suppliers. This condition shall only apply in case EMD Millipore is not responsible for non-delivery, in particular if it has placed a corresponding order with its suppliers. If delivery is not made by its supplier to EMD Millipore, (i) EMD Millipore shall notify Purchaser immediately, and (ii) EMD Millipore is entitled to withdraw from the contract, with any payments of Purchaser to be refunded immediately.

3.2 Delivery times given by EMD Millipore in offers and order confirmations are non-binding, except otherwise explicitly agreed. However, if binding delivery deadlines have been agreed, EMD Millipore's obligation to comply with the agreed delivery period shall be subject to the prompt fulfillment of contractual duties on the part of Purchaser, in particular such duties as the payment of any agreed amounts and, if applicable, the provision of agreed security. If Purchaser fails to meet its contractual duties, EMD Millipore shall have the right to extend the delivery period. EMD Millipore reserves the defense of non-fulfillment of the contract.

3.3 Except otherwise explicitly agreed, if a product ordered has to be dispatched, this is carried out from EMD Millipore's respective warehouse on the account and at the risk of Purchaser. EMD Millipore is free to choose the carrier and the forwarding company and the means of transport. EMD Millipore reserves the right to choose the method of packaging. Partial deliveries (installations) are permissible and may be invoiced by EMD Millipore immediately. The risk of accidental loss of the product to be delivered passes from EMD Millipore to Purchaser on dispatch from the warehouse even if delivery is made carriage paid.

3.4 Title and risk is transferred upon dispatch of delivery. EMD Millipore is not obliged to insure the ordered product, or to have it insured, against damage in transit. Loss of or damage to the products, after the risk of such loss or damage has passed to Purchaser, does not discharge Purchaser from its obligation to make full payment of the purchase price. If a dispatch of the products intended is delayed owing to circumstances for which Purchaser is responsible (including a lack of acceptance), the risk of accidental loss of the products to be delivered (also while in storage at EMD Millipore) passes to Purchaser from the time of the delay on. In case of such delays, any costs incurred by EMD Millipore due to the delay in delivery (in particular warehouse costs and charges) must be borne exclusively by Purchaser. In case of accidental loss, EMD Millipore is released from its performance obligation; however, Purchaser remains obliged to make full payment.

3.5 Purchaser may, notwithstanding any contractual or statutory rights, not cancel any binding order or return purchased products without EMD Millipore's prior express written consent, such returns being subject to a restocking charge. Products subject to governmental regulations (e.g. European Medicine Agency, FDA) and/or processing requirements (e.g. cGMP) are not eligible for cancellation or return.

3.6 EMD Millipore is entitled to withdraw from the contract if it becomes apparent that Purchaser is not creditworthy, in particular in case of (i) a protest regarding a bill of exchange or a cheque occurs, (ii) payments by Purchaser stop, (iii) an unsuccessful enforcement attempt against Purchaser, or in case of an oath of disclosure, such event must not necessarily have occurred between EMD Millipore and Purchaser, or (iv) it becomes apparent that Purchaser has provided inaccurate information regarding its creditworthiness and this information is of considerable importance.

3.7 Irrespective of the reason for any return of products, any return must be coordinated with EMD Millipore prior to return, and all products to be returned must include EMD Millipore's approved product return authorization form. EMD Millipore reserves the right to request disposal instead of return. Title to the returned products, if already acquired by Purchaser, shall retransfer to EMD Millipore upon delivery of the products to EMD Millipore's facilities. The products shall be returned in their original packaging with the original EMD Millipore label affixed, and unaltered in form and content. Where applicable, Purchaser agrees to provide EMD Millipore with interim product temperature and other relevant data on storage. Purchaser furthermore agrees to package products with proper refrigerant to maintain required temperatures during transit.

3.8 EMD Millipore may define certain products as Custom Made-To-Order ("CMO"). Purchaser must provide EMD Millipore with product specifications prior to the start of manufacturing a CMO product. EMD Millipore and Purchaser shall agree on all respective production and testing techniques prior to the start of manufacturing a CMO product. Purchaser must provide a purchase order detailing product and delivery schedule for reserved products. Purchaser shall purchase the entire lot of the CMO without regard to volume. Purchase orders for a CMO product(s) are not cancellable.

4 - Prices, Taxes, Payment, Late Payments

4.1 Unless otherwise specified in EMD Millipore's order confirmation, the price for Purchaser's order shall be charged in accordance with the applicable prices at the delivery date.

4.2 Unless otherwise specified in EMD Millipore's order confirmation offer, if any, or its order confirmation, all prices are given in USD.

4.3 Any tax, duty, custom or other fee of any nature imposed in connection with this transaction by any governmental or quasi-governmental authority shall be paid by Purchaser, in addition to the price quoted or agreed. In the event EMD Millipore is required to prepay any such tax, Purchaser shall fully reimburse such tax prepayment to EMD Millipore.

4.4 Unless otherwise specified in EMD Millipore's order confirmation, the purchase price must be paid by Purchaser within 30 days from the invoice date without deduction to the bank account specified by EMD Millipore. Credit card payments are subject to acceptance by EMD Millipore and limited to a total order value equal to or less than ten thousand USD (\$10,000) and desolved with the order placement by Purchaser, if already acquired by Purchaser.

4.5 In case of delay of payment by Purchaser EMD Millipore reserves the following rights, notwithstanding further statutory rights: (i) EMD Millipore may charge an interest on all amounts due and unpaid after due date at the maximum rate permitted by applicable law until payment is received, in any event at least 8% p.a. above the published prime rate of Bank of America or its successor, and (ii) EMD Millipore may terminate the order or suspend any further deliveries to Purchaser.

4.6 Any right of Purchaser to withhold payment or to set off any amounts due against counter-claims on his part, e.g. pricing or invoicing complaints, shall be explicitly excluded, unless such counterclaims are uncontested or a legal title exists.

4.7 In case EMD Millipore has a right to withdraw from the contract, all payment claims against Purchaser, regardless of their legal basis, are due for immediate payment.

5 - Additional Obligations of Purchaser

5.1 Purchaser acknowledges the hazards associated with the use of some products, that it understands such hazards and that it is the responsibility of Purchaser to warn and protect all those exposed to such hazards.

5.2 Purchaser is also under the obligation to inform EMD Millipore immediately of any risks resulting from products it becomes aware of.

5.3 Purchaser shall at all times be solely responsible for: (i) obtaining any necessary intellectual property permission for the use of the product, (ii) compliance with any and all applicable regulatory requirements and generally accepted industry standards, (iii) conducting all necessary testing and verification, including for fitness for the intended purpose, prior to the use of product(s) purchased from EMD Millipore, (v) compliance with legal requirements in case products are to be disposed by Purchaser.

5.4 Purchaser shall indemnify and hold EMD Millipore, its corporate affiliates, agents, employees, and representatives harmless from and against any and all claims, damages, losses, costs or expenses (including attorney's fees) arising in connection with Purchaser's sale or use of the products, resulting from Purchaser's breach of the provisions and representations contained in these GTC, or arising from the negligence, recklessness or misconduct of Purchaser.

In any case, the maximum aggregate liability that can be attributed to EMD Millipore under this agreement is expressly limited to an amount equal to the sums effectively paid to EMD Millipore by the Purchaser for services under this agreement; provided that any liability for Purchaser's products in process shall be excluded. EMD Millipore makes no other express or implied warranty. EMD Millipore will not be in breach of this agreement or otherwise liable to the Purchaser for any delay in performance or any non-performance of any obligations under this agreement (and the time for performance will be extended accordingly) and to the extent that the delay or non-performance is owing to Force Majeure.
- 11.1.4 In the event that Purchaser is purchasing services on behalf of a third party, or in relation to products owned by a third party or located at the premises of a third party, Purchaser represents and warrants that it has proper legal authority to purchase such services with respect to such third party. Purchaser shall indemnify and hold EMD Millipore, its corporate affiliates including EMD Millipore and any entity under majority control of EMD Millipore, agents, employees, and representatives, harmless from and against any and all claims, damages, losses, costs or expenses (including attorney's fees) caused by or resulting from any third party claim relating to the provision of any services by EMD Millipore.
- 11.2 Process Solutions Products and Systems. If Purchaser is purchasing hardware products and systems from Merck's "PROCESS SOLUTIONS BUSINESS UNIT" (the "Systems"), such purchase and sale shall be solely governed by the Engineered Products Terms and Conditions as referred to within the quotation for such Systems. In the event that the Engineered Products Terms and Conditions were not validly incorporated into the contractual relationship between the parties, the purchase and sale of such Systems shall be governed by these GTC.
- 11.3 Software License Terms. If you are licensing software from EMD Millipore, including software licensed in connection with the purchase of any products and any and all other software or firmware embedded in, loaded on, or otherwise associated with the purchased products (the software on such media and such other software or firmware being referred to hereinafter together as the "Software"), the following additional provisions shall apply.
- 11.3.1 EMD Millipore grants Purchaser the right and license to use the copy of the Software in object form that is on the readable computer media provided to Purchaser by EMD Millipore.
- 11.3.2 The Software and related copyrights are owned by EMD Millipore, by an affiliated company of EMD Millipore, and/or by certain suppliers of EMD Millipore and its affiliated companies, and title to the Software in general or respective copyrights shall not pass to Purchaser as a result of Purchaser's use of the Software. The license rights granted herein may not be transferred to another party without the written permission of EMD Millipore, which may not be withheld if Purchaser sends its copy of the Software to a third party provided that (i) the Purchaser does not rent out the Software, (ii) Purchaser prior to selling the copy deletes any and all copies of the Software and (iii) the third party agrees to comply with the license terms.
- 11.3.3 The Software is protected by the respective national copyright laws and international treaties and Purchaser shall not copy it or allow it to be copied except that Purchaser has the right to (i) make such copies that are necessary for the use of the Software by Purchaser in accordance with its intended purpose, including for error correction; (ii) to duplicate the Software for backup or archival purposes and to transfer the Software to a backup computer in the event of computer malfunction; or (iii) observe, study or test the functioning of the Software in order to determine the ideas and principles which underlie any element of Software if Purchaser does so while performing any of the acts of loading, displaying, running, transmitting or storing the Software which he is entitled to do.
- 11.3.4 Purchaser shall (i) not to use the Software other than with the purchased products or for any purpose outside the scope of the application for which it is being provided, and (ii) not cause or permit the reverse engineering, disassembly, decompilation, modification or adaptation of the Software or the combination of the Software with any other software unless, but only to the extent, indispensable to obtain the information necessary to achieve the interoperability of the Software with other programs provided the information necessary to achieve interoperability has not previously been readily available to Purchaser, and (iii) not move the Software to any country in violation of United States Foreign Asset Control Regulations or other applicable control regulations.
- 11.3.5 Purchaser further understands that its use of the Software shall be subject to the terms of any third party license agreements or notices that are provided to Purchaser by EMD Millipore and to the rights of any other third-party owners or providers of software or firmware included in the Software, and Purchaser shall comply with the terms of such third-party license agreements and rights provided by EMD Millipore in advance.
- 11.3.6 The Software is covered by the limited warranties set forth in Clause 6 and by no other warranties, express or implied.
- 11.3.7 Failure to comply with any of the terms of this subsection terminates Purchaser's right to use the Software. Upon termination of such right, Purchaser must return the disk provided by EMD Millipore, and any and all copies thereof or of any other Software to EMD Millipore.

- 11.3.8 Any replacements, fixes or upgrades of the Software which Purchaser may hereafter receive from EMD Millipore or an affiliated company of EMD Millipore, shall be provided subject to the same restrictions and other provisions contained in this subsection, regardless of whether subsection or these terms and conditions are specifically referenced when Purchaser receives such replacement, fix or upgrade, unless such replacement, fix or upgrade is provided with a separate license agreement which by its terms specifically supersedes these terms and conditions. The warranty term for any upgrades shall be one (1) year from the date of its delivery to Purchaser. Any such replacements, fixes or upgrades shall be provided at prices and payment terms as agreed at the time they are provided.
