

DECLARATION OF AN EMERGENCY

MEMORANDUM

To: Jamie Bain Hedges, P.E., General Manager

Through: John W. Kingsbury, III, P.E., Deputy General Manager *On behalf of*

Through: Elizabeth B. Dooley, CPPO, CPPB, Procurement Manager *John Webb*

From: Traci Kammer Goldberg, PE, Director, Transmission & Distribution *RAC*

Subject: Emergency Contract Award

Date: April 25, 2024

- Basis of Emergency: On April 15, 2024, a 6-inch diameter transmission main near 1376 Kirby Road in McLean, Virginia, suffered an unexpected break. Flood waters discharged from the break ran overland carrying and depositing sediment and bedding materials used under the road surface (e.g., 57 stone) into approximately 300 linear feet of Little Pimmit Run located approximately 20 feet east of the break site. Little Pimmit Run is located within one of the five Middle Potomac Watersheds managed by Fairfax County Department of Public Works and Environmental Services (DPWES) and drains into the Potomac River. To ensure the health of the stream, ecosystem, environment, and the watershed, an Emergency was declared. Resolution of the emergency required the purchase of the services identified in Section 2 below, without a competitive solicitation. All efforts were made to obtain fair and reasonable prices without delaying the mitigation services.
- Basis of Contractor Selection: All efforts were made to obtain fair and reasonable prices without delaying resolution of the emergency. Full competition was not practicable under the circumstances based on the sensitivity of the impact to Little Pimmit Run, the ecosystem, environment, and the watershed. The selected contractor, Angler Environmental, works directly with DPWES on several stormwater management and maintenance activities and possesses the experience and capabilities to perform all work to meet the expectations of Fairfax County's performance standards governing mitigation and restoration of sensitive waterways.
- Recommendation: I recommend approval of the above procurement action.

Date

Determination

In accordance with Section 2.2-4303(F) of the Code of Virginia, as amended, it is my determination that the circumstances described herein constitute an Emergency and that the procurement actions taken to resolve the Emergency were reasonable and appropriate under the circumstances.

Jamie Bain Hedges, P.E., General Manager

Fairfax Water Purchase Order Terms and Conditions

The Fairfax Water (FW) Purchase Order Terms and Conditions ("FW PO Ts&Cs") shall govern this purchase. Where there is an inconsistency between the FW PO Ts&Cs and any other terms, conditions or limitations proposed or submitted by the supplier, the FW PO Ts&Cs shall take precedence. The signing of supplier provided documentation or commencement of performance shall be deemed conclusive acceptance of this provision.
