RFQ NO. 21-008
CENTRAL MAINTENANCE FACILITY

NOTICE OF REQUEST FOR QUALIFICATIONS

- A. **General.** The Fairfax County Water Authority ("Fairfax Water") will be accepting Qualification Statements from interested contractors for the performance as a general contractor for the **CENTRAL MAINTENANCE FACILITY** project as further described in Section II of this Notice. The submission of bids for the Project will be limited to those contractors who have been prequalified pursuant to this Request for Qualifications No. 21-008 (the "RFQ").
- B. **General Project Description.** The Central Maintenance Facility project is located at 8515 & 8505 Lee Highway, Fairfax, Virginia 22031. The work includes the construction of a warehouse, fleet and distribution facilities, fueling station, vehicle wash, covered parking and materials storage and is described in additional detail in Section II of the Prequalification Procedure and Instructions.
- C. **Qualification Criteria.** The Applicant shall have acted as a General Contractor for and have completed at least three (3) similar building projects for governmental, institutional or private owners, each with an original contract value of \$20,000,000 or more within the past seven (7) years from the date of RFQ issuance.
- D. **Submission of Qualification Statement.** In order to be eligible to participate in this prequalification process, an interested contractor shall submit a completed Qualification Statement to Fairfax Water on or before 2:00 p.m., on March 15, 2021, at the following address:

**FAIRFAX WATER
PROCUREMENT DEPARTMENT
8570 EXECUTIVE PARK AVENUE
FAIRFAX, VIRGINIA 22031
ATTN: TORRY HUFF, VCCO, CPPO, CPPB
SENIOR PROCUREMENT SPECIALIST**

Each Qualification Statement should be submitted in the manner described in Section III of the Prequalification Procedure and Instructions. Faxed and/or emailed materials will not be accepted for consideration by Fairfax Water.

- E. **Request for Copies.** Copies of the RFQ may be obtained from the Fairfax Water website under "Do Business With Us", "Procurement", "Current Solicitations".

RFQ NO. 21-008
CENTRAL MAINTENANCE FACILITY

PREQUALIFICATION PROCEDURE AND INSTRUCTIONS

I. GENERAL DESCRIPTION

A. Purpose of Prequalification. The purpose of this prequalification is to establish the qualifications of one or more contractors to perform the Central Maintenance Facility work described in Section II.A hereof (collectively, the "Work"), in the capacity of a general contractor. Each contractor that is determined to be prequalified by Fairfax Water during Step I of this process will be eligible to submit a bid to perform the Work during Step II, as described below.

B. Prequalification Process. Fairfax Water will use a two-step procurement procedure in connection with the solicitation, evaluation, and award of a contract for the Work. This two-step procedure is described as follows:

- 1. Step I – Qualification Statements and Evaluation.** Step I will consist of the submission by interested general contractors of a completed Qualification Statement, together with all required supplemental information. Fairfax Water will evaluate all such information in accordance with the criteria set forth in this RFQ and determine which Applicants are prequalified to perform the Work. All Applicants will be notified as to whether or not they are prequalified at least 30 days prior to the date for submission of bids during Step II of this process.
- 2. Step II - Invitation for Bids.** During Step II, Fairfax Water will issue an Invitation for Bids (the "IFB") for the Work to all prequalified contractors. Only those contractors who are prequalified during Step I may submit a bid for the Work during Step II of this process. A contract will be awarded, if at all, to the lowest responsive and responsible prequalified bidder, all as determined by Fairfax Water following the submission of bids.

II. PROJECT DESCRIPTION AND REQUIRED EXPERIENCE

A. Project Description

The Central Maintenance Facility is located at 8515 & 8505 Lee Highway, Fairfax, Virginia and will be constructed on an approximately 4.27-acre site. The project includes demolition of two two-story buildings, associated foundations, and adjoining features. The Work also includes paving, parking, extensive landscaping, stormwater management with underground detention systems, and new sanitary and water utilities installed to serve the site. Installation of dry utilities is also included in this contract. Other site work includes road improvements along Lee Highway and Industry Lane.

Three buildings will be constructed as part of the project. The administration and vehicle maintenance facility includes shop and vehicle bays, is primarily one-story with a two-story administrative/support area, and is approximately 20,000 SF. The one-story warehouse will house water distribution materials and is approximately 11,000 SF. The one-story vehicle wash building is approximately 1,600 SF. All buildings will be primarily steel framed construction with load bearing CMU walls and a brick and cast stone façade.

This contract will also include the construction of a covered fueling station, covered fleet parking areas, and covered material storage stalls.

This proposed facility has been designed and shall be constructed to achieve LEED v4 certification through the U.S Green Building Council. An architectural rendering of the Central Maintenance facility can be found at the end of this section for informational purposes only.

The Contract for this project is anticipated to be advertised for bid in May 2021 with bid opening in June 2021. The Contract Award date is projected for July 2021, with an anticipated construction Notice to Proceed date of August 2021. The overall construction duration is planned to be approximately 22 months. These are estimated dates and durations and are subject to change.

B. Required Experience

In order to be deemed qualified to perform the Work, an Applicant must demonstrate, among other items set forth in the Qualification Statement, that it has the minimum prior General Contractor experience overseeing/managing multiple construction trades and phased construction of systems. In order to satisfy this requirement, an Applicant must provide all requested information set forth in the Qualification Statement with respect to each of the following criteria:

1. The Applicant must have been established as a full-time construction contractor for a minimum of ten (10) years holding or eligible to hold a Virginia Class A contracting license.
2. The Applicant shall have acted as a General Contractor for and have completed at least three (3) similar building projects for governmental, institutional or private owners, each with an original contract value of \$20,000,000 or more within the past seven (7) years.
3. Satisfactory experience in the General Contracting of new building construction within the last ten (10) years. Provide the current status of projects in progress, including project duration and anticipated completion of each project. Explanations shall be given for any project that finished or is currently behind schedule.
4. Name, address and telephone number of individual(s) representing owners of each listed construction project who is familiar with the services provided by Applicant. Fairfax Water will contact the individual to verify the experience and satisfactory performance of services by the applicant.

C. Applicant's Proposed Key Personnel

On Attachment F-3, provide detailed information on the key personnel you propose and intend for this project, including at a minimum Project Manager and Project Superintendent. Information will address the individual's qualifications, relevant certifications, and experience with projects of similar size and type.

D. Applicant's Quality Control Program

On Attachment F-4, provide a description of Applicant's Quality Control Program utilized to provide quality completed work.

E. Applicant's Safety Personnel

On Attachment F-5, provide the names, professional certifications, and resumes of the Applicant's Safety Professionals who are responsible for implementing the Applicant's Health and Safety Plan.

III. QUALIFICATION STATEMENT FORMAT AND SUBMITTAL INSTRUCTIONS

- A. Required Form and Completion.** The required form of Qualification Statement is located at the end of this RFQ package. Applicants shall complete the Qualification Statement in its entirety. Spaces should not be left blank; if the appropriate response is "none" or "not applicable," Applicants should so indicate. Qualification Statements and supplemental information must be typed or printed in ink. One (1) original (so marked) and one (1) copy of all submittal materials must be submitted to Fairfax Water, each in a suitable binder. All materials submitted hereunder will become the property of Fairfax Water and will not be returned to the Applicant.
- B. Submission Due Date and Delivery.** In order to be eligible for participation in this process, Fairfax Water must receive an Applicant's Qualification Statement and all supplemental information on or before the date and time indicated in the Notice of Request for Qualifications. Sealed prequalification materials may be delivered to Fairfax Water at the address set forth in

the Notice. The sealed envelope or carton should be clearly marked on the outside lower left corner as follows:

SEALED APPLICATION - DO NOT OPEN
ATTN: TORRY HUFF, VCCO, CPPO, CPPB
SENIOR PROCUREMENT SPECIALIST
RFQ NO. 21-008
CENTRAL MAINTENANCE FACILITY
PROJECT 2608, DIVISION 02

Due: March 15, 2021 @ 2:00 P.M. EST

Faxed and/or emailed application materials will NOT be accepted for consideration by Fairfax Water for initial submission. Fairfax Water will send a follow-up request for electronic copy via emailed to each firm who successfully submit their sealed package prior to the established deadline.

C. Required Sequence. Each Applicant must submit the required number of copies of all prequalification materials to Fairfax Water in the following order:

- 1. Letter of Transmittal:** This letter must contain the name, mailing address, email and telephone number of the primary representative of the Applicant to whom all correspondence is to be addressed.
- 2. Qualification Statement:** The required Qualification Statement form is located at the end of this RFQ.
- 3. Supplemental Information:** Applicants shall include as supplemental information any additional items or information requested in this RFQ or required as part of the Qualification Statement. This information should be typed or clearly printed in an organized, concise manner and should be appended to the corresponding Attachment, with appropriate cross-references to the section numbers and headings in the Qualification Statement.

D. Trade Secrets and Proprietary Information. Under Part G of the Qualification Statement, an Applicant may designate any information set forth in its Qualification Statement and/or any supplemental information as a trade secret or as proprietary information. In doing so, the Applicant must identify the specific items of information or data for which it seeks protection under § 2.2-4342 of the Virginia Public Procurement Act (the "VPPA") at or prior to submission of such information, and indicate why protection from disclosure is necessary.

IV. EVALUATION PROCESS

A. Evaluation Committee. Fairfax Water's Procurement Manager/Designee will establish an evaluation committee to review all Qualification Statements submitted under this RFQ. The evaluation committee will consist of such Fairfax Water staff members as shall be designated by Fairfax Water's Director of Planning & Engineering/Designee and may, in the Procurement Manager's/Designee's discretion, include outside advisors to Fairfax Water.

B. Review of Qualifications; Criteria for Evaluation. Following the submission due date, the evaluation committee will review and evaluate all Qualification Statements and supplemental information and conduct such reference checks, research, and verification as it deems necessary or appropriate under the circumstances. The evaluation committee will evaluate each Applicant's qualifications based upon the criteria set forth in the Qualification Statement

in order to make a determination as to whether each Applicant will be prequalified to perform the Work. Fairfax Water may, in its discretion, deny prequalification to an Applicant based upon any one or more of the factors set forth in § 2.2-4317(C) of the VPPA. A failure under any one such factor may constitute sufficient cause to determine that an Applicant is “not qualified to bid.” Fairfax Water reserves the right at any time during this process to require submission of such additional information and clarification as it deems necessary or appropriate under the circumstances in order to conduct a full and appropriate evaluation of a contractor’s qualifications to perform the Work. Failure to submit requested information may result in a denial of prequalification.

- C. Notice of Determination** to the Procurement Manager/Designee. Thereafter, the Procurement Manager/Designee will issue a written notice of the evaluation committee’s determination to each Applicant. Each Applicant will receive written notice of the prequalification determination prior to the date established for submission of bids during Step II of this process. In the event that an Applicant is denied prequalification, the written notification will state the reasons and factual basis for the will issue a written notice of the evaluation committee’s determination to each Applicant. Each Applicant will receive written notice of the prequalification determination at least thirty (30) days prior to the date established for submission of bids during Step II of this process.
- D. Right of Inspection; Rebuttal Process.** Upon written request submitted within five (5) business days after receipt of Fairfax Water’s notice, an Applicant who is denied prequalification may inspect public documents relating to the determination. Within ten (10) business days after receipt of Fairfax Water’s notice, the Applicant may submit rebuttal information to Fairfax Water’s Procurement Office at the address set forth on the Notice of Request for Qualifications. The Procurement Manager/Designee will review the rebuttal information and any other relevant information in the possession of Fairfax Water, and may, in his or her discretion, request additional information or clarification from the Applicant. The Procurement Manager/Designee will issue a written notice of its determination regarding the Applicant’s qualifications within five (5) business days after receipt of the rebuttal information. Unless appealed in the manner prescribed in the VPPA, this determination will be final.

V. GENERAL

- A. Cancellation; Waiver of Informalities.** Fairfax Water reserves the right to: (a) cancel this RFQ at any time prior to Contract Award during Step II of this process; and (b) waive any informalities with respect to a Qualification Statement, in the event Fairfax Water determines that any such action is in its best interests.
- B. Withdrawal from Process.** An Applicant may withdraw its Qualification Statement from this Prequalification process at any time during Step I of this process by notifying Fairfax Water in writing. Any such withdrawal may be submitted to Fairfax Water by mail or email to the named Procurement Contact and will be effective upon receipt.
- C. Costs.** Fairfax Water will not be responsible for any costs incurred by Applicants as a result of their participation in Step I and/or Step II of this procurement process. Each Applicant will be responsible for and will bear its own expenses in connection with such participation, including the provision of any supplemental information that may be requested.
- D. Addenda and Interpretations**
 - 1. Requests for Interpretation.** All requests for interpretation of the meaning of the Prequalification Procedure and Instructions and/or the Qualification Statement must be made in writing and submitted to Fairfax Water at the address set forth in the Notice of

Request for Qualifications on or before the deadline specified in the Notice for submission of questions.

2. **Addenda.** No verbal interpretation of the meaning of this RFQ will be made to any Applicant. Any and all such interpretations and any supplemental instructions or changes will be in the form of written addenda which, if issued, will be sent to all prospective Applicants not later than 2:00 p.m. on the date that is three (3) calendar days prior to the then current due date for submission of Qualification Statements. Addenda will be sent to the Applicant's email address of record as provided by the applicant or to the email address to which the RFQ was originally sent, whichever is newer. An Applicant's claim that the applicant did not receive any such addenda will in no event relieve the Applicant from any provision of this RFQ, as amended. Upon issuance by Fairfax Water, addenda will be deemed to have become a part of this RFQ to the same extent as if set forth fully herein.

E. Notice of Certain Changes or Events.

1. **Required Notice.** In the event that, after the submission by the Applicant of a Qualification Statement and before the completion of Step II of this procurement process: (a) an Applicant experiences a material change in its financial condition, ownership, corporate structure or personnel; or (b) any event or circumstance arises that causes any information set forth in an Applicant's prequalification materials to no longer be true and accurate in all respects, then, in either case, the Applicant shall notify the named Procurement Contact of the change or event in writing at the time the change occurs or as soon thereafter as is reasonably practicable, but in any event prior to award of a contract for the Work.
2. **Consequences for Misrepresentation or Absence of Required Notice.** Any: (a) knowing misrepresentation on the part of an Applicant hereunder; or (b) failure to notify the named Procurement Contact of a material change described in (i) or of an event or circumstance described in (ii), may, in the Procurement Manager's/Designee's sole discretion, constitute sufficient grounds for denying prequalification to that Applicant, for rescinding the Applicant's prequalification, for rejecting a bid under Step II of this procurement process, or for rescinding a contract award or canceling a contract so awarded.

- F. Virginia Contractor's License.** Each Applicant must be licensed by the Virginia Board for Contractors before submitting a bid during Step II of this process. If an Applicant does not currently hold a valid Virginia Class A Contractor's License, then the Applicant must include under Part A of its Qualification Statement a detailed description of how the Applicant will obtain a license within the required timeframe.

END PREQUALIFICATION PROCEDURE AND INSTRUCTIONS
