What is found in your water?

Listed below are some common compounds that may be found in the source and drinking water. While some contaminants were found in the source water, only a few were found in the treated drinking water. In these cases, the levels detected were well below acceptable levels.

How to interpret the symbols for each compound...

- Not Detected in Source or Drinking Water
- Exceeds Acceptable Limit
- Detected in Source Water
- Detected in Drinking Water
- Detected in Source and Drinking Water
